

NexVera Technologies Sdn. Bhd.

Intelligent Software Solutions for Modern Business

About Us

NexVera Technologies Sdn. Bhd. is a Malaysian-based software development and IT consulting company founded in 2018, headquartered in Cyberjaya, Selangor. We specialize in building custom enterprise software, AI-powered web applications, and cloud infrastructure solutions for businesses across Southeast Asia. Our mission is to empower organizations with technology that is fast, reliable, and easy to use.

With a team of over 85 engineers, designers, and consultants, NexVera has successfully delivered more than 200 projects across industries including finance, healthcare, retail, and logistics.

Our Services

Service	Description
Custom Software Development	End-to-end development of web and mobile applications tailored to client needs.
AI & Chatbot Solutions	Intelligent chatbots and automation tools powered by large language models.
Cloud Infrastructure	AWS, GCP, and Azure setup, migration, and management services.
IT Consulting	Technology strategy, digital transformation, and system architecture advisory.
UI/UX Design	User-centered design for web platforms, dashboards, and mobile apps.
Cybersecurity	Vulnerability assessments, penetration testing, and security audits.

Our Products

NexDesk — A cloud-based customer support and helpdesk platform with AI ticket routing, live chat, and analytics dashboard. Pricing starts at RM 199/month per workspace.

NexBot — An AI chatbot builder for businesses. Integrate with your website, WhatsApp, or Telegram. No coding required. Plans from RM 99/month.

NexHR — Human resource management system covering payroll, leave tracking, performance reviews, and recruitment. Used by over 300 companies in Malaysia.
